

Treating Customers Fairly – Complaints Handling Procedure

Overview

While we strive to deliver a world-class service to our customers, we aren't perfect and it is understandable that we might get things wrong at times.

This document sets out our commitment to customers regarding managing and resolving complaints. Further it sets out the appropriate steps to identify and escalate complaints that cannot be resolved.

Making a Complaint

What do I need to include in a complaint:

You need to provide us with as much information about your complaint as possible. This will help us to establish what has happened and what we can do to assist in resolving the issue.

We would recommend you provide us with the following:

- Your full name and contact details e.g. Your telephone numbers and email address;
- A brief step by step account of the background and circumstances of your complaint;
- What you would like to achieve from making your complaint; and
- Your permission for us to use all the information provided by yourself to resolve your complaint.

How you can monitor your complaint

While your complaint is being investigated, we will provide you with progress updates to keep you updated of what is happening. You can also contact us to check the process of your complaint.

The steps we take to resolve complaints

We will try and resolve your complaint as soon as possible. However, if we need to investigate it further, our target resolution timeframe would be to resolve the issue within 5 working days.

When it comes to urgent complaints, we aim to resolve them within two working days of being received.
